ENCINAS READY FOR SURRENDER

Sends Word to Cananea That He Will
Lay Down His Arms and That He
And His Men Will Quit.
Cananea, Son., Mex., Oct. 10.—The
surrender of Isidro Escoboza will probably soon be followed by the similar
action of Miguel Encinas, who, with
250 or 375 men, is at present encamped
in the Sierra Azul mountains, about
20 or 25 miles southwest of Cananea.
The acting prefect here, mayor Dieguez, has been nofified to this extent,
and a courier was sent out to deal with
the rebels. Escoboza was to have left
today to confer with Encinas regarding the former's surrendering.

It is understood that Rojas is
also arranging with the Sonora officials to give himself up, and if this
is brought about there will be but
very small numbers of rebels in the
state, and all unorganized.

A force of men has been started at
work repairing the railroad between

A force of men has been started at work repairing the rallroad between Cananea and Nogales and it is expected that within the next six weeks trains will again be in operation over that branch. The men were sent out from Nogales. No work is being done from this end yet.

dations and he said no; that senator Pall then asked him in which direction they went and he said:

"The federals went out in the direction of Galeana."

Senator Fail then asked him, he says: "Wasn't this in the opposite direction of your ranch?"

He says that he repited "Yes."

Today, however, Mr. Roxby adds that the federals in going to Galeana succeeded in capturing the captain of the band that raided his ranch, and that they executed him.

Senator A. B. Fall appeared before the Mexico North Western railroad men at a meeting which was held in Knights of Pythias hall Wednesday afternoon. The testimony of a number of North Western railroad men regarding the condition of affairs in Chihuahua was taken by senator Fall.

FIVE BRIDGES ON RAILROAD BURNED

Rebets Also Tear Out Telegraph Instruments—100 Soldiers Sent Down
North Western Road.

Traffie and communication remains interrupted below Juarez on the Mexico North Western rallway. It was learned today that five bridges were burned by rebeis below Juarez, and the telegraph lines cut in many places. It has been impossible to get word from any point on the line, even with the city of Chibranhua.

Exploration parties sent out from

city of Chihumhua.

Exploration parties senf out from Juarez report that five bridges were burned below Summit, 195 kilometers south of the border. Also it is learned that rebels entered the station of Sabinal, farther to the north, and tore out the telegraph instruments from the agent's office, cutting the wires. This damage has been repaired, but the bridges remain uncribbed awaiting more definite information as to conditions to the south. It is hoped that work is in progress on the line from the south, but what railway men at Casas Grandes have been able to do is not knewn. Not one word has been received from any points on the line, and there is much misglying, owing to the continued lack of news from the south.

To assist the operations of the rail-

the continued lack of news from the south.

To assist the operations of the railway men, Gen. Trucy Aubert Wednesday afternoon sent out 100 soldiers on two tars drawn by an engine. They were carried to Guzman, but it is said today will return to Juarez, as there are no rebels in sight. They did not proceed along the line to the scene of the trouble.

It was said today at the local rebel junta that word had been received directly from Gen. Inez Salazar, who was operating near Sabinal, southwest of Juarez. Salazar asked officials of the North Western to be warned not to attempt to repair the railway until given permission by the rebels, and that as much consideration for American property would be given as possible as not to conflict with the rebels' plans.

NO TRAINS TO RUN ON NORTH WESTERN

Service Indefinitely Suspended Because of Rebel Activity; Many Mormons Must Make Overland Trips.

No more trains will be operated over the North Western railroad for the present, and the 100 or more Mormons now in Chihuahua will have to leave the Mormon colonies by the overland route to reach the border. This information was received at the Mormon headquarters here Thursday in private messages to business agent O. P. Brown. The reports received by the headquarters asy that there are 1700 rebels in the vicinity of old Casas Grandos and the Mormon colonies and that the federals are making no effort to protect the foreign property or to stop the raids of the rebels.

There are now only a very few Mormon women in the Chihuahua colonies, as they have all been sent to El Paso and Hachita since the attempted assault of Mrs. Miles A. Romney. The men who remain in the colonies are those who have gone back to save their cattle, crops, fruit and personal property. Little uneasiness is felt for them as they are all able to care for themselves, the Mormon officials say.

A list of those who have left El Paso recently for Utah and other piaces from the refugee camps here is as follows:

To Salt Lake City—Laura A. and Edith Jones.

To Richfield, Utah—Etta W., Mary and Lynn Haws.

It also is said that Alanis wants 20,000 pesos for the surrender of his forces. It was said today at the rebeljunta in El Paso that the forces of Alanis and his militant spouse are scattered to the four winds, and that Alanis cannot deliver 40 men. let alone 400. This assertion is based on reports received from rebel leaders in the Casas Grandes district who have seen the remnants of the Alanis command, which originally did not number more than 200 men, together with about 50 commanded by his wife. A woman believed to be Mrs. Alanis, paid a visit to the office of Gen. Trucy Aubert Thursday afternoon and had a long interview with the federal com-WOMEN HIDE IN A MINE FROM REBELS

Los Angeles, Cal., Oct. 16.—A story of
how six American women remained in a
mine tunnel for two days and a half
during the attack of Mexican rebels on
the mining camp of El Tigre, was
brought here today by J. W. Malcolmson, of Kansas City, consulting engineer of the El Tigre Mining company.
When the surrender of the camp, demanded by the rebel general, Salazar,
was refused, the women who were
wives of company officials, were placed
in the tunnel with rovisions to last
for several days. They were accompanied by guards.

civil officers in the colonies. All of-ficers previously there fled at the ap-proach of the rebels and have not since returned. News has reached Douglas, Ariz., Oct. 10 .- News was recived here late yesterday that Antonio Rojas and his band of 400 rebels have lemanded the surrender of Moctezuma, since returned. News has reallied here that the federal troops dispatched by Sanjines had begun the work of dispossessing the Mexicans who demanded the surrender of Moctezuma, Sonora, 120 miles south of here. The town is defended by 100 federals and Gen. Sanjines has dispatched Mai. Alvarado with a force of 250 stationed at Fronteras to the south, while a force of 200 left Nacozarl to reinforce the garrison. They have orders to defend the town or, if Rojas falls to attack, to take the offensive and drive him out of the state and, if possible exterminate his band. VICINITY OF LAMPOZOS

Monterey, Mexico, Oct 10.—A band of
90 rebels is reported to be committing
depredations at Lampozos, 75 miles
southwest of Laredo, Tex. They besouthwest of Laredo, Tex. They belong to the force commanded by Marcelo Carayeo and are commanded by
Joquin Goya, who was formerly a
newspaper man in Monterey. They appeared Tuesday at Candela, Coahuila,
demanding food and arms from the citizens. Today they were reported to be sible, exterminate his band.

A freight wreck eight miles north of Nacozarl, while injuring no one, has

tied up the road. It will probably be cleared for passenger trains to run as usual tomorrow. A box car is wedged across the narrow canyon and blocks

zens. Today they were reported to be moving toward Laredo pursued by fed-eral troops from Lampozos. GEN. OROZCO IS BOARSON SOMEONE NEAR DEL RIO Make the Liver

Gen. Pascual Orozco, with a rebel army estimated at 2000 men, is located 30 miles southwest of the border below Del Rio. Texas, according to official advices received here. It is said his force has been materially strengthened by recruits in the state of Coahulla and that federal troops apparently are and that federal troops apparently are making no effort to pursue and engage

making no effort to pursue and engage the rebels.

Some political significance is at-tached to the fact that Orozco did not permit his men to forage on the ranch owned by Gen. Geronimo Trevino, a federal commander in the state of Nueva Leon, toward which Orozco's forces are moving.

Real Facts

You will better your condition if you pay cash, for these reasons:

The merchant who does a credit business has to figure his legitimate profit; then on the selling price he must add the interest on the money, which he has practically loaned to his customers, and on top of this he has to fix an additional sum to cover the losses incurred by those who do not pay their bills.

By trading at either of Eyster's two stores you have these extra profits eliminated.

Below you will find items, advertised as specials by concerns doing a credit business, and directly opposite you will find our EVERY DAY price. Compare the two and you will very readily see the advantages to be had at Eyster's. Just so with your entire list.

A WOMAN'S WISDOM.

The worried mother wakes up to hear her baby's heavy breathing-a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks of that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one — and it's to be had for only 31c. in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZUEBERT, of 223 S. Bentalon Street, Baltimore, Md. "Before the storck came to our house I was a very sick woman. I wrote you for advice which was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. Improving so that I narrily knew I was in such a cooking of idid my own housework—washing and ironing, cooking sewing, and the worst of all nursed three children who had whooping cough. I hardly knew of the advent ten minutes before—so easy was it. The baby is as fat as a butter-ball. Fall College & School Dresses

OMPARATIVELY new and somewhat similar to the Boy Scouts is the new movement among girls-"The Camp Fire Girls." It is to help raise the ideals of girlhood and womanhood, to encourage outdoor life and help in the crusade for better health.

For the girls who belong to the Camp Fire there is an official dress-a practical costume, that is in good style, simple and becoming. In El Paso the only place to get that costume will be the "POPULAR," as we are the sole agents.

Though it is the official uniform of the Camp Fire Girls, any girl, of course, may wear the dress. It is of dark blue or black serge, made one-piece style, with waist plaited from yoke, sailor collar and cuffs, fancy silk tie and skirt with pockets. It is made in sizes 14, 16, 18 to 20. This is the dress of the hour. The price is \$12.75
